

Yes,

*I would like to contribute
regularly to The Greens*

Think long term.

*Give a little,
change the country.*

Progressive political parties around the world are running successful campaigns that are financed by small donations from large numbers of ordinary people.

With your help we can do the same.

As you know The Greens do not take donations from corporations. This allows Greens representatives to make decisions free from the corrupting influence of corporate donors. We can continue to make decisions based upon Greens principles and what we think is good for the planet and the community.

So we're asking you to authorise a monthly donation to The Greens from your credit card.

It doesn't have to be a lot - the minimum is \$10 but we ask you to give as much as you can afford - small amounts can add up to big changes. Plus 30% of your donation goes directly to your local group so you'll also be making a difference in your area.

To minimise administration we also ask that you authorise The Greens to continue to process your monthly donation unless you contact us and instruct us otherwise.

Your monthly donation will make a huge difference to what we can achieve.

To help us make a difference, fill out the form and authorise your monthly donation to The Greens. If you would like any further information, please call the Greens Office on 02 9519 0877.

Yes,

I would like to give my support to The Greens NSW.

**Please deduct \$ (minimum 10\$) per month
from my credit card account**

Mastercard Visa

Card Number _____ Expiry Date _____ / _____

Name on card _____
